

## 2.5" LCD/Player Kit

The affordable movebox® LCD/Player Kit offers OEM system developers and integrators a flexible and cost effective means of creating advertising solutions. For the data exchange just change the CF Memory Card or USB Flash Drive (Auto Download). On the parallel interface you can connect buttons, membrane switches or motion sensors. The customer can select and play the desired information. An integrated Counter (Software) counts the selected Files and create the statistic.

**Applications: Shelf Edge-, Counter Top- or Gondola Displays, Showcases, Digital Signage, Video Artists, etc.**

<b>Part Number</b>	CRY-MBVGAK0250
